

COUNCIL OF CONGREGATION

NEWS OF THE DAY

JUNE 3 TO 8, 2023 - ISSUE 7

TO WHICH GENERAL CHAPTER DOES WISDOM CALL US TO LIVE IN THIS MOMENT OF OUR HISTORY?

At the start of each day, participants gathered at their assigned table for a sharing of the Word. Thereafter, the work was carried out creatively. All had the opportunity to share ideas with all the sisters, as the composition of the tables was constantly changing. **The comings and goings and the different configurations enabled everyone to participate fully.**

The last few days were spent concretizing the elements that will constitute the preparation for the **General Chapter** and defining the role of the Preparation Committee. Following a meeting with **Mr. Matthieu Daum**, the Preparation Committee was able to present a timeline with some steps towards the General Chapter. The Entity Leaders will share with you the experience they have had and the trajectory we are on.

At the end of the week, the assembly expressed its satisfaction and gratitude to Mr. Matthieu Daum for his guidance and leadership of the Council of the Congregation.
